

Family Advocacy Program Section Update Instructions

Below are instructions for how and where to plug in installation-specific content into the new Family Advocacy Program section.

Contact Page

This is a very important section for adding garrison-specific contact information for the various support services on post. There are prompts on the page for numbers to add. This entire section is editable so please include all the specified information and all additional information you can here. Please delete placeholder prompts on the page when finished.

A screenshot of a web page editor interface. The main content area is highlighted in green and contains a list of contact information. A context menu is open over the list, showing options like "Edit Block", "Copy to Clipboard", "Delete", "Design & Block Template", "Advanced", "Permissions", and "Schedule Guest Access". The page has navigation tabs for "INTRO" and "MAIN".

Here are the key contacts every Family should know:
