

Child Development Centers Program Section Update Instructions

Below are instructions for how and where to plug in installation-specific content into the new Child Development Centers program section.

Care Options Page

Strong Beginnings (Pre-K), Before & After Kindergarten Care, Hourly Care, and Extended and Mission-Related Care can all be removed individually if not present at your installation. Just submit a ticket and describe which ones you need removed.

Strong Beginnings (Pre-K)

- » A 3-hour daily program for children who turn 4 years old by August1.
- » Teaches early literacy, problem-solving, and classroom routines to prepare for kindergarten.

Before & After Kindergarten Care

- » Available at many garrisons.
- » Children enrolled in kindergarten receive care before and after the school day, as well as full-day care on teacher workdays, holidays, or school breaks.

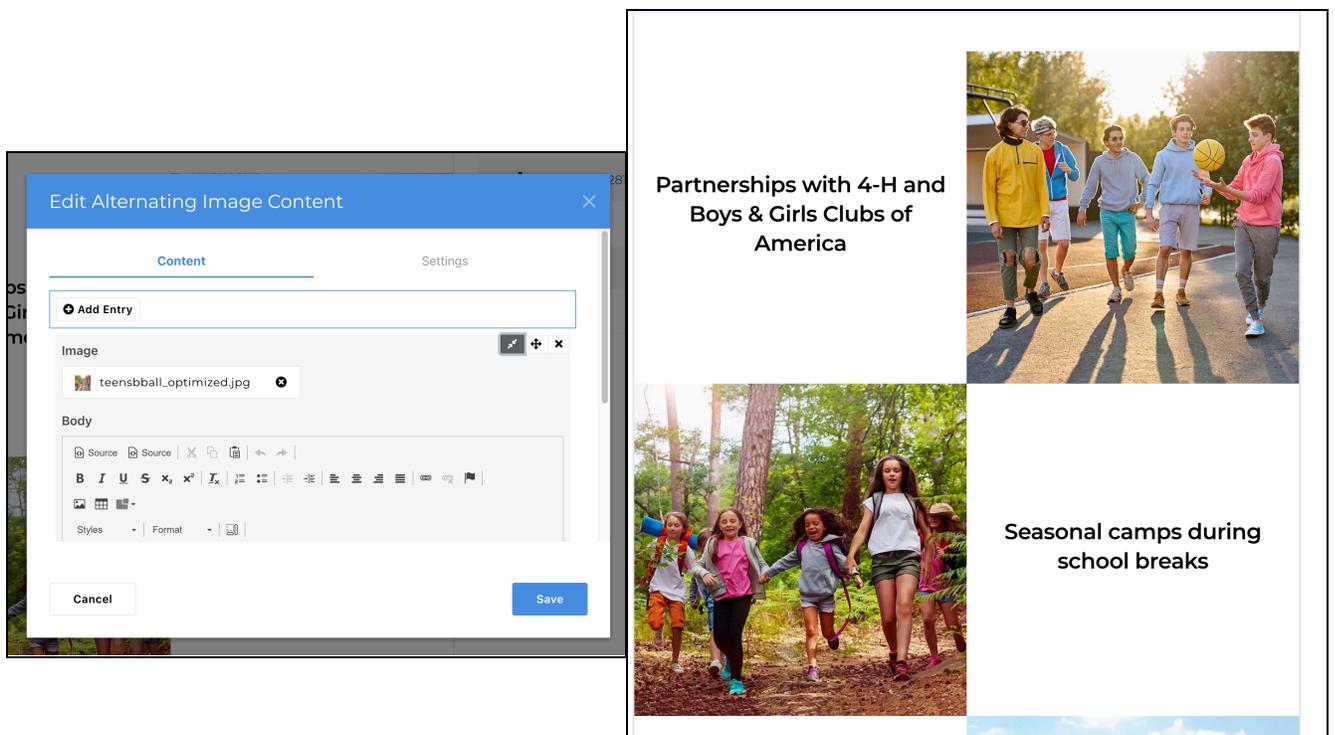

Hourly Care

- » Reserved or drop-in care for short-term needs such as appointments, meetings, or

Special Programs and Partnerships

On this page, there is an Alternating Image Content block that includes placeholder content for common program partnerships. You can just leave it as is, or you can edit it to include programs you have to showcase.

You can add, remove, or re-order entries using drag-and-drop in the block edit interface. Be sure and include an image with any additional entries.

Parent Resources

On this page, please edit the blue box Feature block to include a link to your parent handbook. You can also list more links in a list below. If you want to include more blue blocks, you can copy that block to the clipboard and paste it in place after the parent handbook block and edit it to include your specific resource information.
