

SHAPE THEIR FUTURE AND YOURS

STAY CYS

MOVING? NO PROBLEM!

Child and Youth Program Assistants (CYPAs) in all employment categories can now request a transfer to another installation through the CYS Employee Assignment Tool (CEAT).

Can I stay employed with CYS when the military moves my Family?
Yes! Child and Youth Program Assistants (CYPAs) in all employment categories can now request a transfer to another installation through the CYS Employee Assignment Tool (CEAT).

How does CEAT work?

Once your Family has orders to move, get a CEAT link from your supervisor or local NAF HR office. You fill out a quick online questionnaire, then have your supervisor complete a form. NAF HR will handle it from there. In many cases, you'll have a job waiting for you when you arrive at your new home.

Do my background checks follow me to my new location?

Yes. When you accept a new position under CEAT, the gaining NAF HR office will verify your previous background checks.

Do I have to resign before moving?

No. CEAT allows you to continue with CYS without a break in service. Even if it takes a little while to get settled, you're authorized one year leave without pay to look for a job.
