

BOSS Program Section Update Instructions

Below are instructions for how and where to plug in installation-specific content into the new BOSS Program section.

Boss Events and Activities Page

Local Events and Activities Section -

This section is local content. You can edit or remove the placeholder content if your program doesn't offer those types of content. This includes deleting the feature blocks if none of them apply.

If you feel like you need an entirely new blue block to describe a category of events not listed here, please submit a ticket so we can walk through it with you and provide you a custom icon for your event / activity category.

Recreation and Adventure

- Outdoor trips like hiking, kayaking, and skiing
- Group travel to theme parks, historical sites, and sporting events
- Fitness challenges, obstacle courses, and endurance races

Sports and Competition

- Unit-level sports leagues and tournaments
- Esports and gaming competitions
- Bowling nights, golf outings, and tennis tournaments

Social Gatherings and Events

- Game nights, trivia competitions, and escape rooms
- Concerts, comedy shows, and theater performances
- Holiday parties and themed events

Volunteer and Community Service

- Fundraisers for military and local charities
- Food drives, environmental clean-ups, and mentorship programs
- Support to military family and youth programs

For reference, these are Feature blocks with the custom template "Blue Box" applied to them.

Contact Page

It's always possible to add custom content to the top of the Contact page, but for BOSS in particular there is some placeholder content under the "How to Contact BOSS" header that is editable content for installation managers.

- Be sure and include your Facebook and Instagram links in the provided hyperlinks by editing the block and changing where they link to.
- Modify or add any information but do not include any phone numbers, addresses, etc - those things should all be included in the location information box automatically included at the bottom of the page.

How to Contact BOSS

- Visit our office (contact information below)
- Attend a BOSS Meeting
- Connect on Social Media - [Facebook](#) - [Instagram](#)
- Track Volunteer Hours with VMIS

If you participate in BOSS volunteer activities, log Management Information System (VMIS). Keeping enhance promotion packets and career development.
