

Automotive Skills Program Section Update Instructions

Below are instructions for how and where to plug in installation-specific content into the new Automotive Skills Program section.

Do-It-Yourself Auto Shop

Please update the “Work on your vehicle with the right tools and support” list to reflect what services you have available.

Work on your vehicle with the right tools and support

- » Change oil and filters
- » Rotate or balance tires
- » Replace brakes and suspension parts
- » Perform basic engine or electrical work

Full-Service & Assisted Repairs

Please review and update the services listed on this page to include what services are offered.

Services may include:

- » Oil changes and quick lube
- » Tire mounting, balancing, and repair
- » Brake inspections and repairs
- » Air conditioning service
- » Vehicle inspections and diagnostics

Classes & Safety Training

Please review the class topics list and make sure your classes cover those topics and add, remove or update as necessary.

Classes Cover:

- » Oil changes
- » Basic car care and maintenance
- » Pre-trip inspections
- » Brake system basics

Vehicle Inspections & Safety Services

Please review and update the list of inspections and services offered

Inspections, checks, and peace of mind

The Automotive Skills program offers vehicle inspections and special services such as:

- » State safety inspections
- » Emissions testing (where required)
- » Pre-trip or "lemon" inspections

Vehicle Storage & Sales

Please let us know if you do not have this and we will hide this page for you.

Some locations offer:

- » Short- or long-term vehicle storage for projects
- » POV resale lots for selling vehicles

Vehicles must be registered and insured, and storage or sales fees may apply.

Please include any specific information about storage and sales underneath the existing content.

Services, Pricing, & Shop Rules

Please review the requirements and rules included and add or modify as needed.

Basic Requirements

To use Automotive Skills:

- » Military or authorized ID is required
- » Vehicle registration and insurance are required
- » Safety training must be completed
- » Age and supervision rules apply in shop areas
- » These rules help keep everyone safe and the shop running smoothly.
